

## Up Garrison Bond

Increase is  
Voted by County  
Board, 16 to 2

Resolution Passed  
After Opinion by  
Attorney General

The Saline County Board of Supervisors, by a 16 to 2 vote, yesterday afternoon passed a resolution directing County Clerk Don B. Garrison to give additional surety \$45,000 bond as county clerk and to provide bond of \$25,000 as custodian of the county's municipal retirement fund.

Board Chairman Howard Patterson said he presented Garrison this morning with a notice to supply the additional bond in ten days but that Garrison would not accept it. Patterson said the notice was left on a desk in Garrison's office.

In November the board voted bond increases in the same amounts but later decided to put them in resolution form at the December meeting held yesterday.

The new vote and resolution came also after Attorney General Latham Castle gave an opinion that the board had the power to raise the bond. This opinion came after Castle's office was notified that Garrison had been indicted on charges of embezzling \$8,400 in county funds.

The resolution was accompanied by a notice to Garrison, to notify him that the additional bonds had been voted. According to Castle, the Illinois Revised Statutes provide that the office can be vacated if the bond is not provided in ten days.

### Approve Budget

The resolution set for the reasons it was asking for the additional bond. It pointed out:

Garrison's bond now is only \$5,000; two auditing firms have audited his books and reported he is short several thousand dollars; the grand jury has returned indictments against him charging him with embezzling county funds; the county treasurer recently made settlement with the county clerk and turned over to him approximately \$36,000 of county funds; Garrison is custodian of several thousand dollars of municipal retirement funds of the county and is under no bonds for the funds.

The board spent most of yesterday afternoon going over the new annual budget and appropriation ordinance and levy, which they passed then approved the claims for the month.

## What Price Holiday Cheer?

Editorial

Despite vigorous official effort to the contrary, Illinois citizens will kill themselves having a good time during this Holiday Season.

Last year's "Black Christmas" will long be remembered as the most tragic on record when 63 Illinois citizens met violent death on the highway. As we approach another long holiday week end, traffic supervision agencies on all levels of government are working hard to bring about a successful enforcement program aimed at pushing the death toll down.

Earlier this week, Governor William G. Stratton talked with district officers of the state police to bring about the ultimate concentration of men at dangerous and critical areas.

He also urged other agencies to "Back the Attack on Illinois Traffic Accidents," concentrating on excessive speed and drinking drivers, to save lives. Voluntary compliance with a practical speed limit and severe punishment for intoxicated motorists were just two of the recommendations offered by Stratton.

A record number of men will patrol the roads for both Christmas and New Year holidays as the nation swings into two of the longest holiday periods in recent years. Friday evening through Tuesday midnight on both upcoming week ends presents a challenge to state motorists.

Each person is urged to voluntarily reduce speed, even when out on the open road and especially in traffic congested areas. Drinking and driving is senseless under any conditions. Strict obedience to traffic laws and signs and a patient and courteous attitude will save a life.

But even with these elaborate preparations and suggestions, the expected toll is a shameful reflection on modern-day society which continues to insist upon the privilege to do as they please in choosing violent death on the highways as the most successful means of snuffing out lives when "Peace on Earth, Good Will Toward Men" is the dedicated theme of holiday joy.

Families will suffer as more people die. Christmas seasonal joy and warmth will pale in the hearts and minds of many who will always remember it only as another milestone in marking the tragic passing of a loved one.

"Merry Christmas to all... and to some a Goodbye."

## Segregation Ends on Montgomery, Ala., Buses

MONTGOMERY, Ala. (AP)—Racial segregation on city buses came to an end today here where a year-long boycott by Negroes won them equal seating facilities with whites for the first time in the deep South.

All was peace and quiet in the first hours, after the local buses began their morning runs. Negroes were exhorted by their leaders to refrain from touching off an incident that could explode into fresh racial violence.

Since the boycott started last Dec. 7—following the arrest of a Negro woman for sitting in the front white section of a bus—

numerous incidents have kept racial tension alive here.

Teams of Negro ministers, working in pairs, rode the buses on front side seats to symbolize the end of the long fight to win seating facilities on a first-come, first-served basis.

The few white passengers noticed by reporters who were riding the early routes did not interfere with the arrangement, nor did most seem to be much interested. One was heard to mutter to the driver, however, that "this is only a test case."

The "test case" went to the U. S. Supreme Court which last week formally turned down the city's appeal of a previous decision that the buses could not be segregated. Orders to lift the barriers were received here Thursday and the Negroes wasted no time starting to enjoy their new-won privileges.

The Rev. Martin Luther King, whose church is a block from the State Capitol and leader of the boycott, was among the first Negroes to board a bus. He caught one that passed his home at 309 S. Jackson St. and rode it downtown. He sat in front.

At the bigger bus stops where crowds of both white and Negroes gathered the Negroes kept to themselves before boarding the buses. Negro leaders had warned the sidewalks have not yet been "desegregated."

The Illinois Commerce Commission Thursday approved a petition by the Saline Bus Lines, Inc., operator of the bus service.

Mr. Wettau stated today that although he had been told the request was approved, he had not received official notification and he would not stop the bus until the notification was received in writing.

"We will continue the bus at least through Saturday and probably will run Christmas Eve," Mr. Wettau said. The bus ceased Sunday operations several months ago.

In the request for authorization to discontinue the service it was stated falling passenger demand and dwindling revenues made the operations not profitable.

Surviving are the following children: Mrs. Ida Bell Gibbs, Elizabethtown, Mrs. Elva Duncan, San Diego, Calif., Mrs. Pearl Churlik, Mitchellville, Mrs. Rosa Mae Wright, Harrisburg, Mrs. Inice DeLap, Norris City; two grandchildren whom she reared, Barbara Rice, Harrisburg, and Gilbert Healy Jr., Parma O.; 32 grandchildren, 27 great-grandchildren, and three great-great-grandchildren; also one brother, Jim Wallace, Eldorado.

A son, Gilbert Healy, passed away in 1937.

She was a member of the Dorrisville Baptist church.

The body lies in state at the chapel of the Harrisburg funeral home where the funeral will be held Sunday at 2 p. m. Rev. Johnny Yuhas will officiate, and burial will be in the Barton cemetery near Herod. Grandsons will serve as pallbearers.

## Awarded \$195,750 For Loss of Legs

CHICAGO (UP)—The largest pre-trial settlement ever agreed upon in Illinois has been awarded to a railroad detective who lost both legs under the wheels of a train.

Julius Stapel, 44, received a \$195,750 out-of-court settlement from the New York Central Railway and the Chicago Junction Railway following a round of pre-trial conferences between Stapel's lawyer and the two roads.

A railway detective for 12 years, Stapel was on assignment in the freight yards where a series of lootings had taken place.

He concealed himself between two rail cars and was holding on to a grab iron when the cars started up.

The grab iron on one of the cars tore loose and Stapel fell under the train losing both legs.

## Carl L. Dillow Named Carrier Mills Principal

The position of principal of the Carrier Mills Community high school, made vacant by the resignation of Warren G. Jennings several weeks ago, has been filled.

Carl L. Dillow, 29, native of Tamm, has accepted the position and will assume his duties Jan. 1, 1957, it has been announced.

Mr. Jennings, who became principal of CMCHS in August, 1952, announced Nov. 14 he was resigning to accept the principalship of the Metropolis high school.

The new principal was graduated from Tamm high school in 1945 and entered Southern Illinois University late in 1946, following 18 months duty with the United States Navy.

Mr. Dillow remained at SIU through 1948, then enrolled at McKendree college and received his A. B. degree in January, 1950. In 1955 he received his Master of Science in Education from Southern Illinois University and has done graduate work at the University of Illinois.

Mr. Dillow taught one year at the Junior high school in Madison and has been an instructor at Cahokia Commonfields Junior-Senior high school in East St. Louis for the past five years teaching Social studies and physical education.

In 1946 he was married to the former Miss Galen Dehen of Maplewood Park and they have two children. They will move to Carrier Mills within the next few days.

## To Discontinue Bus Service to Carrier Mills, Eldorado

The bus service between Eldorado and Carrier Mills, via Harrisburg, will be discontinued within the next day or so, it was announced today by John Wettau of the Saline Bus Lines, Inc., operator of the bus service.

The Illinois Commerce Commission Thursday approved a petition by the Saline Bus Lines requesting authority to discontinue the service.

Mr. Wettau stated today that although he had been told the request was approved, he had not received official notification and he would not stop the bus until the notification was received in writing.

"We will continue the bus at least through Saturday and probably will run Christmas Eve," Mr. Wettau said. The bus ceased Sunday operations several months ago.

In the request for authorization to discontinue the service it was stated falling passenger demand and dwindling revenues made the operations not profitable.

Surviving are the following children: Mrs. Ida Bell Gibbs, Elizabethtown, Mrs. Elva Duncan, San Diego, Calif., Mrs. Pearl Churlik, Mitchellville, Mrs. Rosa Mae Wright, Harrisburg, Mrs. Inice DeLap, Norris City; two grandchildren whom she reared, Barbara Rice, Harrisburg, and Gilbert Healy Jr., Parma O.; 32 grandchildren, 27 great-grandchildren, and three great-great-grandchildren; also one brother, Jim Wallace, Eldorado.

### Killed in C45 Crash

An Air Force pilot was killed when a twin-engine C45 crashed and burned in timberland north of Millinocket, Me., Thursday night.

The victim was Capt. Campbell M. Potter, 31, Livingston, N. J., attached to the 42nd Bombardment Wing at Loring Air Force Base in Limestone, Me. The co-pilot, 1st Lt. Donald N. Stacey, 24, Tulsa, Okla., escaped from the wreckage.

A Columbus, Ohio, pilot, Thomas Warren, 41, was killed late Thursday when his private plane developed engine trouble and crashed shortly after take-off from Owosso, Mich., Airport near Detroit.

The plane exploded when it hit the ground about 1,000 yards from the city limits.

### Jet Trainer Missing

A T33 jet trainer was missing near Valparaiso, Fla., with two men aboard. Planes from Alabama, Florida, Georgia and South Carolina searched for the plane, which was on a routine training flight from Eglin Air Force Base, Fla., to Shaw AFB, Sumter, S. C.

The occupants of the plane were identified as Lt. Cornelius E. Van Vlymen, 25, Parma, Ohio, and Warrent Officer William L. Rea, 42, Los Altos, Calif.

Also in Iowa, an F86 jet pilot sent a final Christmas radio message and then bailed out of his plane near Perry when it ran out of fuel.

The pilot, identified only as a Capt. Geisel, landed unhurt on a farm field.

"Merry Christmas, everybody. I'm getting out," he told the Des Moines control tower shortly before jumping.

## Cost of Living Climbs to New Record High, Government Reports

WASHINGTON (AP)—The cost of living climbed to a new record high last month, bringing pay hikes of 1 to 3 cents an hour for almost 900,000 workers, the government reported today.

The Bureau of Labor Statistics' consumer price index rose by one-tenth of 1 per cent to 117.8 per cent of average 1947-49 prices. The index has climbed to new records in five of the last six months.

The increase was due mainly to higher prices for new cars, fuels, services, and house furnishings.

The increase means that about 700,000 workers in the steel, steel fabricating, aluminum and can industries will get pay hikes of about 3 cents an hour on Jan. 1 under wage contracts geared to rising living costs. Another 200,000 workers in meat packing and aircraft industries will get pay hikes estimated roughly at 1 to 2 cents an hour, government officials said.

## Commissioner Hine Entertains Group With Turkey Dinner

Police Commissioner Charles R. Hine last night entertained the members of his police and fire departments, state police members and Police Magistrate Vern Joyner Jr. at a turkey dinner held at Nick's 45 cafe.

Volunteer firemen stood by at the city hall so the men could participate in the dinner together.

Attending were Chief L. G. Martin and Lawrence Logsdon and Harvey Hicks of the fire department, Chief Ross Lane and Tom Gram, John Dunn, Pat Atkinson, Link Rann and Floyd Kimbro of the police department, Sgt. Murray Stinson, Sgt. Herbert Bramlet and Mike Taggart, Roy A. Lane, Guthrie Alexander, Adolph Sweet, L. E. Lezynski and Art Athmer of the state police and Police Magistrate Joyner.

## Widespread Fog Blankets Midwest; Blamed for at Least 12 Fatalities

A widespread fog blanket, blamed for at least 12 fatalities, hung over the Midwest and sections of the East today to usher in the first day of winter.

Temperatures generally were above freezing in most sections of the nation, and weathermen expected the unseasonably warm weather to continue at least another day.

The murky fog that enveloped the nation's midsection from Louisiana to Illinois and east to the Appalachians, was termed by the Chicago Weather Bureau as "one of the most widespread in the history of midwestern weather reporting."

The fog and a light drizzle slicked highways, and at least 11 traffic deaths were blamed on the weather.

At the same time the bureau reported that the average factory worker's take home pay and purchasing power also climbed to new record levels last month. The average take home pay for a factory worker with three dependents rose 3 1/2 per cent to \$75.20 a week. The increase more than offset the cost of living rise with the result that his purchasing power rose 1 per cent to 123.4 per cent of the average in 1947-49.

BLS Commissioner Ewan Clague predicted that the cost of living for December will be about the same as last month, with a decline more likely than an increase.

## Bob Cook Purchases Horning Grocery Store Building for Tin Shop

Bob Cook has bought the Horning grocery store building and is now in the process of moving his tin shop business to the new location on South Main street. He hopes to be in business at the new location shortly after the first of the year.

The business, which has been on Route 45, formerly was known as the Cannan and Cook tin shop.

## Forecast Fair Weather for Most of Nation Christmas Day

By United Press  
The Weather Bureau today tentatively forecast fair weather for most of the nation on Christmas Day, with some moisture for the Atlantic Seaboard and the Pacific Northwest.

It predicted a storm in the Midwest for the weekend, with mild weather in the East and fair skies but clear weather in the West as winter rolls in.

Airports at Chicago and St. Louis were closed temporarily by the weather. In Pennsylvania, a twin-engine airplane crashed during a rain storm, killing the president of a west coast steel company and two crewmen.

Winter officially arrives at 3 p. m. CST and it will get a damp reception from the Midwest to the East Coast.

Weathermen said the fog will persist today over most of the Ohio Valley, and rain or drizzle will pelt the mid-Mississippi Valley to the East Coast, except for New England.

The fog and a light drizzle slicked highways, and at least 11 traffic deaths were blamed on the weather.

## 37 are Injured In Wreck on New Road Bed

Two Ambulances Collide While Racing to Scene

BELLEVILLE, Ill. (UP)—Two persons were killed and 37 injured today when the behind-schedule Illinois Central train Chicksaw was derailed near here and eight cars plunged down a 15-foot embankment.

Mrs. Jennie Covell, 70, North Platte, Neb., died shortly after being taken to the hospital, and Henry Hudson, 67, Grovesdale, Miss., died about seven hours later.

Ambulances from the surrounding area, including St. Louis, took the injured to St. Elizabeth's hospital here where 19 remained and 18 were treated and released.

The wreck occurred at about 12:35 a. m. CST.

State police blamed the derailment of the 13-car train on the shifting of a new road bed due to recent rains. The "run around" track, relocated because of construction on a new route for U. S. 40, had a speed limit for trains of 10 miles per hour.

Three servicemen were credited by authorities with aiding the injured. The men were Coast Guard Cadet William Neal, 18, of DeSoto, Ill.; Airman Clem Price Jr., 23, Lockbourne AFB, Ohio, and Donald Hartley of Cairo, Ill., a Navy officer candidate.

They worked for more than three hours inside the jumbled coaches. Heavy fog and occasional drizzle hampered rescue workers in the mire outside the cars.

Two ambulances collided while racing to the wreck and three persons were injured, including Andrew Russell, 53, East St. Louis, who was in serious condition. Russell was driving one ambulance and David and Joseph Renner, brothers from Freeburg, Ill., were the crew in the other.

Illinois Central officials said the wreck occurred at a point where state highway department crews were installing an underpass. They

#### U. S. Officials Only Want Reunification with Britain

By DOUGLAS LARSEN  
NEA Correspondent

WASHINGTON—(NEA) — The  
U. S. State Department, White  
House and even official British  
spokesmen here come up with  
heated denials of some rumors  
and canards which are being  
spread widely in Britain these  
days causing bitter anti-American  
sentiment.

One of these reports is that  
President Eisenhower has snubbed  
every British official from Sir  
Anthony Eden on down. It is  
widely believed in England that  
Ike, soon after the Suez cease-fire,  
had invited Eden to Washington  
for a visit and a few hours later  
summarily told him not to come,  
without an explanation.

Another report in this category  
is that newly arrived British am-  
bassador Sir Harold Caccia got a  
cold, chilly reception by Ike when  
he presented his credentials.

A BRITISH spokesman here  
chops these stories to bits. "It just  
isn't true that your President has  
snubbed British officials either be-  
fore or since the Suez crisis," he  
insists. "When Sir Harold pre-  
sented his credentials, and in sub-  
sequent meetings, Mr. Eisenhower  
couldn't have been more courteous  
and gracious," he adds.

The White House comment is  
simply, "That report is pure non-  
sense, because the President just  
isn't the type of man to snub any-  
one, and he is only eager to re-  
store what damage has been done  
to relations with Britain."

The report of the on-again-off-  
again Eden visit to Washington is  
also denied. And it is implied by  
official sources that such a visit  
is now being worked out.

Another of the canards is the  
charge that the United States con-  
trols the United Nations. In Par-  
liament the expression "Mr. Eisen-

hower's United Nations," has been  
used several times. Lord Beaver-  
brook's Daily Express has urged,  
"Let's quit U.N.—now."

THE EXPRESS has called the  
U.N. "a fraudulent body which  
disrupts the structure of civiliza-  
tion, gives comfort to the evil-  
doer, and pursues immoral aims  
with sanctimonious words."

A U. S. State Department  
spokesman says generally about  
these British reactions, "We are  
aware of British unhappiness over  
relations with us recently but we  
wonder whether this might not  
be an expression of a guilty con-  
science?"

Specifically answering the  
charge that the U.N. is a U. S.-  
controlled organization, the State  
Department spokesman says sim-  
ply, "I wish to God that this was  
true, but it isn't."

"We are aware that the United  
States has a certain amount of  
influence in the U.N., but we don't  
kid ourselves that we are running  
it," he adds. "The best proof of  
that is the record of the votes in  
the U.N. which have gone  
against the wishes of the U. S.,"  
he says.

"TIME AND AGAIN we have  
had to rewrite our resolutions or  
modify our position to make them  
acceptable to the other nations,"  
he claims.

Still another popular belief in  
Britain is that the United States is  
using the U. N. to pursue a policy  
of reprisal against Britain.

"Pique . . . is directing Ameri-  
can policy in the Middle East," the  
Daily Telegraph has written. In  
Parliament it has been charged  
that "it is utter British humili-  
ation which President Eisenhower  
is seeking."

According to this canard, Presi-  
dent Eisenhower and Secretary  
of State Dulles are angry because  
they weren't notified in advance  
of the Anglo-French intervention

in Suez and are determined to  
"teach Britain a lesson."

The London Times has com-  
plained that "there is something  
indecent in the way the two coun-  
tries (France and Britain) are be-  
ing hounded by the U.N. As-  
sembly in vote after vote."

The State Department answer to  
this is, "The times we have stood  
against the British we have been  
supported by a large majority of  
the other U.N. members and it is  
unrealistic to say that we are  
using the U.N. for vindictive ac-  
tion against Britain."

State Department officials fran-  
kly admit that Ike and Dulles were  
angry about the French-British in-  
dependent action in the Suez. But  
their only objective now is to  
patch things up, they claim.

## Stratton Urges Driving Caution

SPRINGFIELD — Gov. Wil-  
liam G. Stratton today urged Il-  
linois motorists to take special  
precautions during the holiday  
season to prevent a re-occurrence  
of last year's "black Christmas"  
traffic toll.

Stratton said 63 persons died as  
a result of automobile accident  
injuries last Christmas.

"Everything is being done," the  
governor said, "to reduce state  
traffic accidents. The holiday  
spirit of peace and good will to-  
ward men certainly should mean  
an extra effort to protect lives  
and property of our fellow citi-  
zens."

State police officials have been  
instructed to use every man and  
all possible equipment to hold  
holiday fatalities to a minimum.

The Aeronautics Department  
has been asked to send up planes  
to help police spot critical traffic  
areas where extra patrols are  
needed.

National Guardsmen will not be  
called out for highway patrol  
duty this year as they were last  
New Year's weekend after the  
"black Christmas" carnage.

## Armageddon Defined at Jehovah Witness Assembly

"The world is intoxicated by the  
theory of chance and they have  
applied the same reasoning to  
Armageddon—that it is something  
that may come or again may  
not." So said R. L. Anderson to  
a group of 670 persons in attend-  
ance at the main event of a three-  
day assembly of Jehovah's Wit-  
nesses held at the Illinois Nation-  
al Guard Armory in Mt. Vernon,  
Sunday, Dec. 16.

Mr. Anderson defined Armaged-  
don as the "battle of the great day  
of God the Almighty," not a battle  
between nations. "God is not a  
pacifist," he further informed. He  
quoted Psalm 72:4 to prove this  
and to show that it is God's right-  
eous purpose to destroy wicked-  
ness.

Mr. Anderson is a district super-  
visor for the Watchtower Bible  
& Tract Society and has traveled  
extensively delivering Bible talks  
to many audiences. At this gath-  
ering Mr. Anderson spoke on the  
subject, "What Will Armageddon  
Mean for You?"

The new film, "The Happiness  
of The New World Society," was  
shown for the first time in this  
area. Entirely in color, it proved  
to be of interest to all in attend-  
ance.

The number of persons baptized  
at this gathering were 14.

## CONSTIPATED?

New laxative discovery un-locks bowel blocks  
without gag, bloot or gripe

Constipation is caused by what doc-  
tors call a "thrifty" colon that, instead  
of retaining moisture as it should,  
does the opposite: robs the colon of  
so much moisture that its contents  
become dehydrated, so dry that they  
block the bowel; so dry that they  
urge to purge that propels and expels  
waste from your body.

To regain normal regularity, the dry,  
shrunken, constipating contents of  
your colon which now block your  
bowel must be re-moistened. Second,  
bulk must be brought to your colon  
to s-t-r-e-t-c-h-i-t stimulate it to  
action; to a normal urge to purge.

Only a bulk laxative can 1) re-moisten  
this dry, shrunken waste and 2) sup-  
ply vital bulk to recreate a normal

urge to purge. And, of all bulk laxa-  
tives, COLONAM, the new laxative  
discovery relieves even chronic con-  
stipation overnight, yet is so smooth,  
so gentle it has proved safe even for  
women in critical stages of pregnancy.

Superior to old style bulk, salt or drug  
laxatives, COLONAM neither gags,  
bloats nor gripe; won't interfere with  
absorption of vitamins and other val-  
uable food nutrients; in clinical tests,  
did not cause rash or other reactions.

It's a physiological fact: Exercise tones  
your body! And COLONAM exercises  
your colon to tone it against constipa-  
tion, overnight! Get COLONAM, in  
easy-to-take tablet form at any drug  
counter, today! Only 98c for the 60  
tablet package, brings positive relief  
at less than 2c per tablet.

## Beauty is Gift She Likes

It's a beautiful Christmas for her when you give her the beauty luxuries that delight every woman. Mink need not be expensive even though it is mink. As proof, we offer (upper left) Prince Matchabelli's purse dispenser of perfume in mink-trimmed black fiddle case. It's budget-priced, too. Great, big, beautiful bottle of cologne by Lucien Lelong (lower left) holds fifteen ounces. Flacon is renaissance in glass and gold. From France comes Tresor (upper right), an elegant perfume in a diamond-cut flacon. Marcel Rochas does dusting powder and bath oil (right center) in matching scent. And from Coty comes dusting powder and matched bath salts in pretty box.

## 100 Escape Mine Fire at Du Quoin

DU QUOIN, Ill. (U)—One hundred coal miners escaped without injury after a fire broke out in the new Kathleen slope mine here Thursday night.

The mine's rescue team, using extinguishers and rock dust, put out the blaze within three hours. A mine spokesman blamed a short in wiring to a cutting machine for the fire. The cutting machine was badly damaged, but the blaze did not spread to the coal face.

Fourteen miners were working in the immediate area of the cutting machine. They attempted to fight the blaze but heavy smoke forced them out of the mine.

A spokesman said the mine, owned by the Union Collier Coal Co., would have worked today had it not been for a lack of coal cars caused by the Belleville train accident.

## Mother and Five Daughters Burn to Death

DULUTH, Minn. (U)—A mother and five of her daughters died in a fire that flashed through their home here shortly before 6 a. m. today.

Victims were identified as Mrs. William Clark, 33, and daughters Ruth, Claudia, Mary, Lorraine and Shirley. The children ranged in age from 6 to 14.

Clark, another daughter, Gloria, 15, and Mrs. Bessie Cadence, 65, who lived with the Clarks, escaped.

Mrs. Clark also got out of the blazing two-story frame dwelling, but ran back to rescue her family. She never came out again. Firemen found her lying alongside a bed upstairs.

Destroyed with the home were piles of Christmas gifts which Mr. Clark and the oldest daughter had purchased Thursday.

## Humane Shelter Invites Christmas Donations

Christmas decorations in Harrisburg have not "gone to the dogs," but a look at the Harrisburg Humane society shelter on the Dorris Heights road reveals that it, too, has the Christmas decoration spirit.

The local shelter, which handled more than 1,300 animals last year, will handle around 1,600 for the fiscal year ending next April.

## Gov't Unable to Reclaim Insurance Paid To Turncoat's Family

WASHINGTON (U)—The government cannot reclaim \$10,000 in GI insurance money paid to the family of a soldier who was once thought to be dead in the Korean War but later turned up alive as a turncoat in Red China.

The ex-GI involved is Aaron Wilson. He recently returned to this country from Communist China and has said he intends to farm 130 acres of land in Urbana, La., which his father bought with the insurance money.

The Veterans Administration said today that, under existing law, it cannot get the money back.

## Fire Chief Receives Letter of Appreciation For Help During Fire

J. V. Blevins of the Blevins Popcorn Co., which had a fire at its Ridgway plant last Saturday night, has sent a letter of appreciation to Harrisburg Fire Chief L. G. Martin for the work done by local fire department members.

"We are deeply indebted to all of your men for the way they stayed on the job and helped hold the loss to a minimum," the letter said. "Your men certainly proved that they had learned before an emergency struck how to handle a stubborn and determined fire."

The local fire truck was not sent to the fire but Chief Martin and two volunteer members of the local department, David Patterson and Wayne Reed, worked with Eldorado department members.

Reports that the Ridgway fire-fighting equipment went out of operation three times while battling the fire at the Blevins Popcorn Co. over the past weekend today were denied by Tyler F. Gauze, mayor of Ridgway.

## Former Klan Leader Freed From Life Term

INDIANAPOLIS (U)—D. C. Stephenson, 62, former grand dragon of the Ku Klux Klan, today was freed from his life term in Indiana State Prison by Gov. George Craig.

State Corrections Board Chairman Hugh O'Brien said Craig's Christmas amnesty order meant Stephenson could be released today. The only restriction is that he leave Indiana and stay out, O'Brien said.

Stephenson was sentenced to life imprisonment in 1925 for the murder of Miss Madge Overholzer, Indianapolis, a statehouse employee who accused him of rape.

Horace Coats, Craig's executive secretary, said Stephenson will go to Meadville, Pa., to live with a sister, Mrs. Arthur H. Stainbrook.

## Share Happiness, President Asks

WASHINGTON (U)—President Eisenhower Thursday night urged Americans to share their Christmas "abundance and happiness" with the Hungarian people.

The President made the appeal to a nationwide radio and television audience before lighting the 67-foot national Christmas tree at ceremonies in the ellipse south of the White House.

At the same time, Christmas trees were lighted in cities and towns across the nation and in American embassies and military bases throughout the world. Christmas wreaths in the cabins of major American airline planes flying over the continent also were lighted simultaneously.

More than 7,500 people gathered in the park in the winter dusk to watch the President push the button that lighted the great spruce tree and a double row of 52 smaller Christmas trees donated by foreign nations.

## Social Security Taxes Higher First of Year

Beginning with January 1, 1957, the employee share of the social security tax will be raised from 2% to 2½%, according to E. Bishop Hill, district manager of the Harrisburg Social Security office. The employer also will pay 2½%. As now, the tax will be paid only on the first 4200 of wages received in the year. In the case of the self-employed, the tax increase will be from the present 3% to 3½%.

The additional tax, Mr. Hill explained, will be used for the new disability program which provides monthly social security payments to qualified disabled workers between the ages of 50 and 65. Disability insurance payments will start with July 1957. For additional information about this new program, those who are interested may get in touch with the district social security office at Harrisburg.

## No Resignations of Mt. Vernon Officials

MOUNT VERNON, Ill. (U)—There were no resignations of city officials here Thursday night.

The city's four councilmen ignored Mayor O. R. Buford's special meeting call and didn't show up. The mayor had said he would offer to resign again if the councilmen would follow suit.

Councilmen had said the mayor did not have the power to call a special meeting by himself. Buford produced a telegram Thursday night from the Illinois Municipal League which he said indicated he had the power to call the special meeting.

## Eight Cars Derailed Near Belleville

(Continued from Page One)

said train crews were instructed to reduce speed to five miles per hour in the area.

The train, called the Chickasaw, was en route from St. Louis, Mo., to Memphis, Tenn., and connecting with New Orleans, La. It consisted of 10 mail, baggage and express cars, two coaches and one sleeping car. The two diesel engines and first five cars remained on the tracks.

Among the injured passengers was Dr. Lawrence C. Jones, 75, Piney Woods, Miss., who recently appeared on the television show "This Is Your Life." He was treated and released.

Listed in critical condition at the hospital was O. B. Castellberry, a conductor, who was the only member of the train crew injured.

The train, which left St. Louis 35 minutes late, was crossing a mile long "run around" track when the cars derailed. The track was installed due to underpass construction on U. S. 40.

Jack Cunningham, 30, Shreveport, La., a passenger, said there was no panic when the coaches and sleeper tumbled crazily down the wet embankment. He said everyone "remained calm."

Illinois Central officials sent two cranes to the scene and several cars to make up a special train to carry the passengers to Memphis.

## Two More Church Fires in Trenton

TRENTON, N. J. (U)—Fires broke out in two churches here Thursday night, one caused by an alcohol bomb tossed through a window, in the second outbreak of church fires this week.

A city-wide hunt was being made for a man who tossed the alcohol bomb through a window at Holy Trinity Ukrainian Orthodox church.

Guards were put on all churches. Police department leaves and vacations were cancelled as the city's law enforcement agencies moved into high gear.

Flames were discovered at St. Peter and Paul Catholic Church about the same time the bomb was thrown into Holy Trinity. Both fires were put out quickly, causing only minor damage.

The churches were fired only two days after part-time handyman Elber C. Lucas pleaded guilty to setting four church fires last Sunday and a \$3.5 million blaze last March that destroyed St. Mary's Cathedral with a loss of three lives.

Detectives were staked out at every church to watch for the firebug who may have gotten his ideas from Lucas' arson spree.

## British Estimate Egyptian Casualties at Port Said Total 2,750

LONDON (U)—An official British report said today that a "reasonable estimate" listed 2,750 Egyptian casualties as a result of Anglo-French operations at Port Said. It listed Egyptian dead at 650.

The casualty report, released as a government white paper, was prepared by Sir Edwin Herbert, president of the British Law Society.

It said that his investigations into the number of Egyptians killed and wounded as a result of Anglo-French invasion operations at Port Said gave "a reasonable estimate" of these totals: Dead, 650; wounded and detained in hospitals, 800; slightly wounded, 1,300.

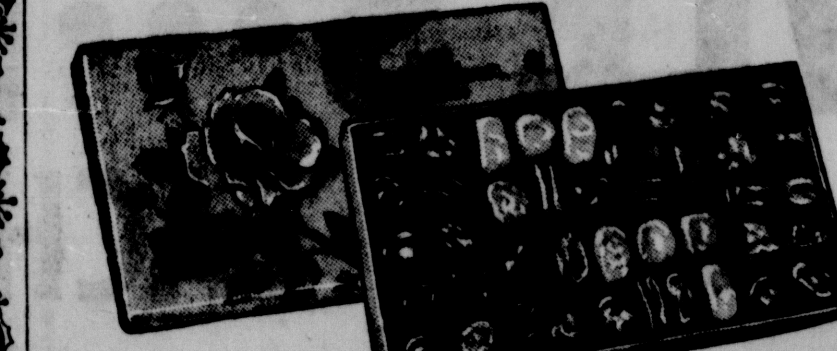

Jack Cunningham, 30, Shreveport, La., a passenger, said there was no panic when the coaches and sleeper tumbled crazily down the wet embankment. He said everyone "remained calm."

Illinois Central officials sent two cranes to the scene and several cars to make up a special train to carry the passengers to Memphis.

## Unusual Names Listed at SIU

CARBONDALE, Ill. — Looking for college students who are Bright and Sharp? You'll find them at Southern Illinois University, where students also are Rude, Cross, Moody, Weary—and Strange, too. These unusual last names and many others from A (Aaron) to Z (Zurheide) appear in the 1957 student directory, recently issued. Among the more interesting name combinations in the alphabetical listing for Southern's 6,255 students are Pass-Test, Santy-Klaus, Gunn-Duel, Low-Marks, Barr-Fly and Snow-Ball.

Two students have the shortest name listed—Re. Longest name? Tied for the dubious honor are Schwarzauber and Schneidermeyer, enough to twist any professor's tongue. Representing the animal kingdom is a small Herd of four Foxes, a pair of Wolves, two Pigs, two Birds and a Swan. Not to mention a Salmon, a Trout and a Bass. Southern's White, Black, Brown, Grey and Green students know others who answer to this roll call of Nations: England, Israel, Holland, Jordan and Spain. Also on

the campus are two Merchants, three Miners, three Brewers, four Farmers, ten Cooks and 15 Bakers. There are Carrs, too. Four Fords and a Nash. And two students are Dry despite the presence of Nightwine and Beers. Also on hand are Tom Sawyer; Dry-Bush-Burns; Little-Cash-Bett; Quick-Gamble; New-Moon, Love-Song, Sweet-Bliss. No scoffing at Students' names will come from their teachers, however. The SIU faculty directory includes these gems: Layer, Fishback, Wham, Kitchen, Goldiamond, Rainbow, Savage, Shake, Noe, See, Howe. Small wonder that names make news!

## Bull Dogs Play Tonight at West Frankfort

Locals Will Be  
Host to Centralia  
Saturday Night

The Harrisburg Bull Dogs tonight will be playing a South Seven conference basketball game in the huge West Frankfort gym against a fine West Frankfort team that played in the eight-team finals at Champaign last year.

And most of the boys are back this year, including Zravic, Florian, Neibel and Avery. Missing is little Dick Griffin, the playmaker.

Frankfort dropped its only loop tilt to Benton, but has been playing fine ball in non-conference games.

In other conference games Herrin will be at Centralia and Marion at Benton. The Friday night schedule also will see Carrier Mills at Eldorado, Galatia at Shawneetown, Cave-In-Rock at Ridgway, Rosiclare at Pope County.

Harrisburg will be host to Centralia Saturday night in a loop contest. Other South Seven games will be Benton at Herrin and West Frankfort at Mt. Vernon.

South Seven standings:

Centralia	2	0
Herrin	1	0
Marion	1	1
Benton	1	1
Mt. Vernon	1	1
West Frankfort	0	1
Harrisburg	0	2

## Junior High Teams Split Two Games With Metropolis

Harrisburg and Metropolis split two close contested Junior high school basketball games played here Thursday night. Harrisburg won the eighth grade game 51-49 and Metropolis took the seventh grade decision 31-30.

In the seventh grade game Harrisburg held a 30-29 lead with only two seconds remaining to be played. Then a foul was called against the locals and the Metropolis player dropped in two free tosses to get the victory.

The eighth grade game was just as close and with 1:40 to play the score was 47-41 and Metropolis was playing control ball. With 41 remaining a foul was called against Harrisburg and the Metropolis player hit for two free throws.

Then it was Harrisburg's turn and with 14 to play a local missed his free ones, but J. B. Henshaw rebounded a fielder to knot the count. In the following play Henshaw was fouled, missed his free toss and Johnny Utter rebounded for a two-pointer and the decision as the final horn sounded.

## Lovellette Paces Lakers to 105-103 Win Over Royals

By United Press  
Wilt Chamberlain's current rage of the college courts but a former Kansas star named Clyde Lovellette is also still grabbing headlines.

The 6-foot, 9-inch Lovellette, who starred for Kansas when the seven-foot Chamberlain probably wasn't a bit over 6-feet, 5-inches tall, rang up 33 points Thursday night to lead the Minneapolis Lakers to a 105-103 victory over the Rochester Royals.

The win enabled the Lakers to move to within a half game of the first-place Royals in the Western Division race.

Lovellette, who sank nine field goals and 15 of 19 free throws, converted two fouls in the last minute to break a 100-100 tie. A jump shot by Chuck Mencil then sewed up the contest at Albany, N. Y., the only action in the circuit Thursday night.

Jack Twyman scored 24 points and Maurice Stokes 21 for the Royals.

## Hi-Y to Award Sportsmanship Tourney Trophy

The HTHS Hi-Y, in cooperation with the West Frankfort Hi-Y, is offering a sportsmanship award to a basketball team playing in the Egyptian Holiday tournament, at West Frankfort, beginning Dec. 26.

The idea for a joint award was presented to Hi-Y chapters in Mt. Vernon and West Frankfort by the Executive Council of the HTHS unit. Mt. Vernon declined to participate in the award.

Judging for the award will be by radio and newspaper correspondents covering the tournament. They are asked to base their decision on sportsmanship as evidenced by team members, their coaches, and students and fans of the various schools.

The award is an eighteen-inch trophy, with a walnut base on which is mounted a gold-colored figure of victory. The engraving reads "HI-Y. Sportsmanship. EGYPTIAN HOLIDAY TOURNAMENT, 1956." The presentation will be made by Bryan Jones, president of the HTHS Hi-Y.

The Egyptian Holiday tournament will be held four days beginning Dec. 26, at West Frankfort. Participating will be teams from Mt. Vernon, Carbondale Community, Harrisburg, Edwardsville, Sterling, Du Quoin, Murphysboro, and the host school.

## Duke Snider is National League Slugging Champ

NEW YORK — Duke Snider of Brooklyn failed to hit .300 this year but he came up with a consolation award today when the official National League averages proclaimed him the slugging champion for 1956.

Snider, who batted .292, wound up with a slugging percentage of .598 on the basis of his 324 total bases in 542 official times at bat. His slugging mark was one point higher than the .597 average posted by Milwaukee first baseman Joe Adcock.

Hank Aaron of the Braves, the league's batting champion, was tops in total bases with 340, but he finished in a third-place tie with Cincinnati rookie Frank Robinson in the slugging department, each winding up with averages of .558. Willie Mays of the Giants followed with .557.

Snider also drew the most walks in the league, 99, of which 26 were intentional. That gave him a new league record, bettering the previous mark of 25 intentional walks to Ted Kluszewski of the Redlegs in 1955.

Cincinnati outfielder Wally Post struck out 124 times to lead the league in that department while Don Mueller of the Cardinals fanned the fewest times, seven.

Frank Robinson was hit the most times by pitchers, 20.

Carl Furillo, the veteran Dodger outfielder, grounded into the most double plays, 27, and at the other end of the scale, rookie Don Blasingame of the Cardinals hit into the least twin-killings, three.

Stan Musial of the Cardinals collected 300 or more total bases (310) for the 12th year, thereby extending his own National League record.

## Ortega, DeMarco Meet Tonight In Return Bout

NEW YORK — Lanky Gaspar Ortega of Mexico will try to prove tonight in a return bout with ex-welterweight champion Tony DeMarco at Madison Square Garden that last month's split decision over Boston Tony was no fluke.

"I been beeger tonight," said Ortega, with three straight upsets under his belt. "He no knock me out las' time—nobody ever knock me out. So thees time maybe I knock heem out."

Their 10-rounder will be televised and broadcast nationally by NBC at 9 p. m. CST. (The fight will be telecast locally at 9 p. m. by WSIL).

Despite young Ortega's confidence, betting men made stocky DeMarco a 2-1 favorite to turn the tables because of his explosive left hook and because of the dispute over the verdict of their Nov. 23rd fight at the Garden.

## Lions Coach Parker Refuses To Sign Contract

DETROIT — Detroit Lions Coach Buddy Parker left the board of directors feeling like Ed Meadows had tackled each and every one of them.

Parker, one of the most successful coaches in the business, refused to sign a contract for 1957. Neither he nor Lions President Edwin J. Anderson would elaborate.

Anderson said the directors offered Parker a new contract, reportedly a two-year pact at \$30,000. But Anderson would not say why Parker wouldn't accept it.

Parker said he was not resigning, that he would stay with the club until his present contract runs out Dec. 31.

But that only left the officials more up in the air and asking "What happened?"

Anderson said the board "undoubtedly" would meet again before Dec. 31. But again, he would not say when.

Parker and Anderson were as close-mouthed Thursday as they were talkative after Sunday's loss to the Chicago Bears.

Then Parker threatened to quit professional football because of what he termed a disastrous trend "that was making football a 'slugging match' instead of a game."

The threat stemmed from the incident in the Lions-Bears game in which Meadows tackled Bobby Layne and the Detroit quarterback wound up with a brain concussion. Later, Detroit movies of the game showed Layne was not "slugged" as Anderson contended but that Meadows had tackled him clean and hard.

## Rock Island Comes From Behind to Defeat Alleman, 67-60

ROCK ISLAND, Ill. — After trailing most of the game by a few points, Rock Island came from behind in a late rush to defeat Rock Island Alleman 67-60 in a top-rated high school basketball game Thursday night.

A crowd of 5,000 saw Alleman take an early lead behind the shooting of guard Herb Millard, high point man for the evening with 20 points. High man for Rock Island was Joe Novak with 17.

Rock Island now has a 7-0 record and Alleman a 6-1 season mark.

## Hill, Gifford Top Vote Getters In Pro All-Star Selections

By MURRAY OLDERMAN  
NEA Staff Correspondent

NEW YORK — (NEA) — Kyle Rote made the rounds of the dressing room cubicles under the steel shoulders of Yankee Stadium, a sheaf of paper and envelopes in his pass-grabbing hands. "Brandish your pens, men!" shouted a football Giant.

"Who was that Steeler tackle lowered the boom on you, Charlie?" yelled a rookie from the corner.

"Stautner," drawled a Southern voice.

Muscular specimens huddled over benches in various stages of disarray. They scrawled names. In neat type across each sheet it said:

NEA 1956 ALL-PLAYERS  
ALL-PRO TEAM

It was a scene repeated 12 times over throughout the National Football League from Philadelphia to Los Angeles as the pros picked their best.

The ballots are in and counted. As Frank Gifford nodded to neighbor Don Heinrich when Rote stopped by, "This is it!"

OFFENSE

ENDS—For the second year in a row, Harlon Hill, the incomparable Chicago Bear receiving threat and first Jim Thorpe Trophy winner, paced all the pros in voting popularity. He was on 90 per cent of all ballots cast. Billy Howton of the Green Bay Packers, enjoying a tremendous season, is his running mate.

TACKLES — The New York Giants have football's greatest ground threat, and Roosevelt Brown, an ultra-fast 245-pounder is an integral part of it. A third year pro, he is gaining his first all-league recognition. A repeater as the pros' own choice is Bob St. Clair of the San Francisco Forty-Niners, impossible to overlook at 6-9.

GUARDS — Duane Putnam of the Los Angeles Rams is generally recognized as the finest running guard in the game. Traded by Detroit to the Washington Redskins Dick Santel regained his all-pro form.

CENTER—Settled at center after moving all over the line, on offense and defense, Charley Ane of the Lions doubled the vote of nearest competitor Larry Strickland of the Bears.

QUARTERBACK—Bobby Layne of the Lions made secure his comeback, barely nosing out Tobin Rote of the Packers in an even run for popularity. No one else was in sight.

HALBACKS — Frank Gifford of the Giants, already awarded the Jim Thorpe Trophy as, the top man in the NFL, naturally led all the backs, as Hill led the linemen, to set the stage for the title game against the Bears. They'll be marked men on the field. Ollie Matson of the Chicago Cardinals was almost as strong a choice.

FULLBACK — The quick start by Rick Casares of the Bears for the league rushing championship precluded any competition for the power spot. He's a blaster who can go all the way.

DEFENSE

ENDS—The problem here was to squeeze three men into two positions. On the final count, Gino Marchetti of the Baltimore Colts and Gene Brito of the Washington Redskins showed a bit more vigor than the Giants' Andy Robustelli. The trio is noted for pressuring passers.

TACKLES — Little Arthur Donovan is a tough one to dislodge.

He's been an all-pro for several years. No one has succeeded in moving his 275 pounds yet. Ernie Stautner of the Pittsburgh Steelers, always slow to sign his contract, is an eager invader of enemy backfields.

MIDDLE GUARD—Bill George of the Bears is the kind of middle man you look for—strong enough to shore up a defense against running assaults, quick enough to drop back for passes.

LINEBACKERS — This is the year Joe Schmidt of the Lions is firmly implanted as the No. 1 defensive player in football. He ran strong on all ballots. Chuck Bednarik of the Philadelphia Eagles took to heart those rumors he was slipping and emerged once more as an impassable rover.

HALFBACKS—Dick Lane of the Cardinals and Emlen Tunnell of the Giants are a couple of old hands with that key ingredient in defensive secondary play—they don't make mistakes, and they clog the air lanes.

SAFETIES — It's almost automatic now to include Jack Christiansen of the Lions and Bobby Dillon of the Packers in any all-league selections. The statistics back them up, too, for they are consistently among the leaders in pilfering passes. Christiansen retains his punting talents, too.

## Davis Painting of 'The Coal Miner' in Illinois Blue Book

The State of Illinois has honored Vachel Davis, Eldorado artist, by reproducing his well-known oil painting, "The Coal Miner," in the latest edition of the Illinois Blue Book. This cloth bound book of 912 pages carries the reproduction of Davis' painting on page number 594. It comments: "THE COAL MINER, painted by Vachel Davis, nationally famed coal miner artist is acclaimed by critics as the best-known painting of a coal miner by a coal miner in the United States. The little twinkling lights tucked away in the Christmas decorations remind us of the new star which appeared in the sky many years ago. The star of Bethlehem may not have really lighted the world

dedicated to all coal miners."

This painting was purchased by the State of Illinois by an act of the State Legislature in 1947 and was unveiled with public ceremonies held in the capitol building.

## Thinking It Over

any more than do the decorative little bulbs.

The significance of the star and the Christmas lights is not the glow which they shed. These symbols remind of the Light of the world in the being of Christ. The light is in the message of peace.

As we view these symbolic lights let us give attention to the spiritual significance of Christmas. We need to renew our faith and hope. We must generate enough of the power of love to make the light of love shine more brightly.

The Light of the World can change the people in the world.

## Chore List Saves On Holiday Rush

NEW YORK (UP)—Let's face it—most of us end up with a last-minute rush when we're having company for the holidays.

But you can save time, embarrassment over something overlooked, and your own temper, with some advance planning.

The Gas Appliance Manufacturers' Association consumer service offers this "practically foolproof" method.

First, write out the Christmas or New Year's menu from soup to nuts—leaving out nothing. Then, study each course carefully, mentally rehearsing every operation. And, on a second sheet of paper,

list the reminders of things to be done before the big day.

This way, going through each item on the menu calls to mind some chore to be done in connection with it—such as "have carving knife sharpened" because the man of the house threatened after Thanksgiving not to carve the turkey again until there was a "decent" knife in the house.

Follow this procedure all the way down the line, and you'll remember odds-and-ends chores you'd otherwise overlook.

## Unchanged

The North Star does not rise and set because it is directly over the earth's axis, so rotation does not affect its position as seen from the earth.

## Carrier Mills Church To Present Play

Rev. O. N. Bell is pastor and Mrs. Bell will be in charge of the program. Everyone invited.

This is a pageant which has for its central motive, the thought of the reality of the birth of Christ. There are 21 characters in the play.
